

Introducing CASPIR

social care
institute for excellence

CASPIR

- Central
- Adult
- Safeguarding &
- Protection
- Information
- Resource

Partners

- Department of Health Social Services and Public Safety (DHSSPS)
- the Social Care Institute for Excellence (SCIE),
- Capacity Builder (IT deliverer),
- Atlantic Philanthropies (financer), and
- the Northern Ireland Council for Voluntary Action (NICVA).

Purpose

- to provide a single point of focus for individuals to access relevant and current information to assist them with understanding, practice, and decision making in relation to vulnerable adults
- This will cover both safeguarding and protection i.e. prevention and response

A similar tool has been developed
for Child Protection worker and
academics on the island of Ireland

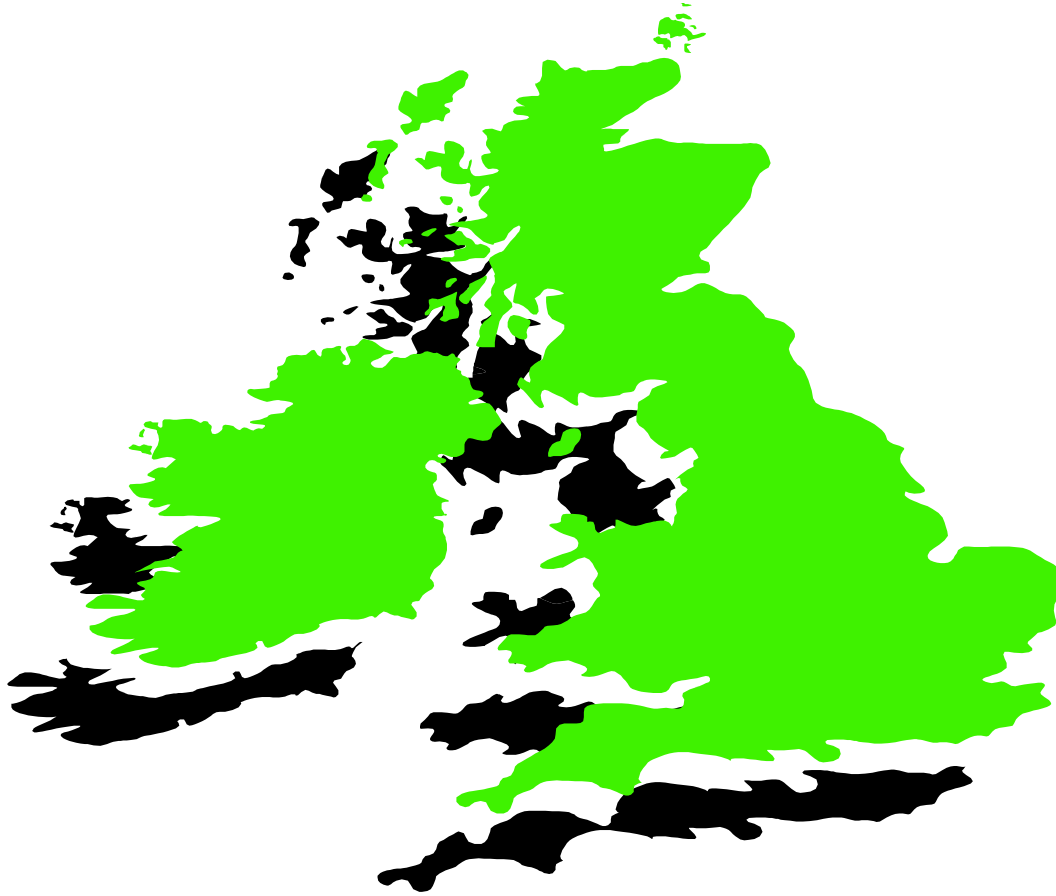

www.nscph.com

Who do we aim to reach?

- Health and Social Care Practitioners
- Judiciary and Policing Services
- Voluntary Agencies
- Independent Sector Service Providers
- Community Groups
- Academics/Researchers
- Adult Education and FE Providers
- Regulators, Professional Bodies, Government Agencies

Extent of usefulness

Quality Assurance

- The project has an Advisory Group with representation from all 5 countries
- Paschal Moynihan from HSE is a member
- Sets criteria for content
- Reviews and suggests content
- Assists with tagging

What can you do?

- Consider how access to such a resource would benefit your work, that of your organisation and the quality of life for those you support
- Contact the project to raise any information that would enable the resource development to be appropriate
- One or more of you can actively participate in the review of the developing resource by joining the Advisory Group
- Share this information with your other colleagues who may have an interest e.g. nurses, service managers
