The webinar is organised in the context of Covid19 and current visiting restrictions for nursing home and care home residents and will provide an opportunity to discuss what is the constitutional right of Irish citizens to a family life? What impact has cocooning and visiting restrictions had on nursing home residents and their families? What can we learn from other jurisdictions about safe visiting arrangements? How can models such as the IASW Liaison Social Work Role for Nursing Homes offer communication care and crisis support to residents and their families?

This webinar will cover a broad range of issues related to the protection of residents' rights to family life in nursing homes, learning from successful visiting practice & approaches elsewhere and concluding with lessons for Ireland and a panel discussion.
